Live in 5 business days

Enterprise from $1,500 — Online shops, logins, integrations, multi-location sites or ongoing marketing. Fixed quote.

Hosting and your domain

A · Managed by DuNous — Recommended

$390 a year

We handle everything: domain renewals, hosting, security and backups, plus up to 30 minutes of small updates a month.

B · Self-managed

$0 a year to us

We set it up in your own accounts and hand you the logins. You pay the domain yourself, about $20 to $30 a year.

Your domain is always registered in your business name. Extra changes are $60 an hour, quoted first, or upgrade and pay the difference. Leaving managed hosting: 30 days' notice and a $149 handover fee to move everything to you.

  Domain, hosting, renewals, backups and small updates, billed yearly
- ☐ **B · Self-managed · $0 to us**
  Set up in your own accounts; you pay the domain yourself

The main points

Payment. One payment by bank transfer before we start, due within 7 days of your invoice. Prefer to split it? Half to start, half before launch.

Timeline. Live within the days listed above, counted from when we have your onboarding form, logo, photos and domain choice.

Hosting. Managed hosting is billed yearly in advance. Cancel with 30 days' notice; a $149 handover fee covers moving your site and domain to you. We never hold your domain back.

Changes. Your package includes the rounds listed above; a round is one list of changes. Anything extra is $60 an hour or an upgrade, always quoted first.

Ownership. Once paid in full, your website's design, wording and files are yours, and your domain is registered in your business name.

Everything else, including refunds and your rights under the Australian Consumer Law, is in our Terms & Conditions at dunous.com/terms, which form part of this agreement.
